Control by design.

Inspired by technical functionality and artful design, the **aleo** faucet collection brings you two affordable and easy-to-control faucets that are both simple and beautiful.

Quick installation

Simply slide the fixing nut into position and turn

Versatile modern design

Complements a variety of décor

Versatile Faucet Height
Various heights to suit you needs

Water conservation
Save water without sacrificing performance

Easy installation
Special features provide various installation options

Saves water
Cartridge and aerator limit water to 5LPM

Outstanding control
Thinner handle of aleo+ provides easy functionality in a minimalist design

Easy to change aerator
Threaded aerator can be changed with a coin

Protective water barrier
Internal waterway provides a barrier between water and the faucet body ensuring the water coming in is as good as the water coming out

Finish: Chrome (CP)
