Cuff

brings a new dimension to your bathroom

The bathroom is a place of rest, quiet and harmony. Attractive, simple pieces that function intuitively are a perfect fit for this environment. Cuff answers this modern-day need with a wide collection of taps for a reasonable price.

The proportioned, balanced Cuff range stands out with its cylindrical design, soft lines and contemporary profile and therefore suits a wide range of bathroom styles.

The collection is composed of 15 brassware models, including single-lever washbasin mixers in 3 comfort heights (standard, medium, tall), in addition to single-lever and thermostatic bath-shower mixers.

- Flow limited to 5 L/min on washbasin taps
- Side lift rod
- Integrated aerator

Versatile Faucet Height
Various heights to suit your needs

Water Conservation
Save water without sacrificing performance

Precise Temperature Control
Protects against water temp fluctuations
