

Whirlpool bath, Massdream system, right handed, 200 x 100 cm

5BE236R

Collection: EVOK

Finish*:

00 - White

Consumer benefits

- **RELAXATION:** The concentration of the 8 nozzles at the back level provides an effective and targeted action. The pressure on the skin of the water massage encourages the muscles relaxation.
- **WELL-BEING:** The waterfall headrest allows a comfortable position to enjoy a waterfall of warm water to the neck.

- **DESIGN:** The On/Off function is fully integrated to the rim of the bathtub. A gentle caress to the Kohler logo is enough to switch on and switch off the system. The 8 bicolor nozzles are flushed.

Features

- **Dimensions:** 200 x 100
- **Installation:** Built-in
- **Massages type:** Water massage
- **Safety system:** Safety feature (no water)
- 1 Waterfall pillow
